Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner explained that the claims originally filed in this application were renumbered due to the presence of three claims that were improperly numbered, thus the amendment filed April 20, 2004 needs to be renumbered since it did not take into account the renumbering of the original claims. After discussion, it was agreed that examiner would cancel all original claims and renumber the claims in the April 20, 2004 amendment to start at claim 109 and end at 124. This renumbered set of claims will be sent to scanning to place it in the image file record.
